You are an RMG ROCK STAR!**

Details of Rock Star Performance (be specific):

RMG MPLS and I owe Marc Grabanski a great deal of gratitude. Marc has not only stepped up to plate in the absence of Eden on the Ovations IT projects, he has hit one out of the park. Under a tremendous amount of pressure and short time constraints, Marc has proven his ability take charge and lead others in development, demonstrated his ability to train and mentor new developers in a very demanding and complex environment, and established his ability to work extremely well in the face of the client.

Marc, PDP 3.0, MMC, AMC, and Ovations Health would not have gotten done without you.

Thanks - Bret
